As such registration, investigation, detection and prevention of crime and terrorism are primarily the responsibility of the State Governments. It is for the State Governments to devise various methods and take concrete steps to counter crime and terrorists activities in the States. Government have adopted a coordinated and multipronged approach for tackling the activities of criminals and militants which includes strengthening the border management to check illegal cross border activities, gearing up the intelligence machinery, close inter-action between different agencies of the Centre and the State Governments, neutralizing plans of militants and anti-national elements by coordinated action, modernization and up gradation of police and security forces with advanced sophisticated weapons and communication system etc. As a result of coordinated action, several terrorists` modules have been neutralized.

Funds are also reimbursed to the States under the Scheme of reimbursement of Security Related Expenditure, incurred by the States on combating terrorist/militant/ extremist activities.
